

**National Technical University of Ukraine
“Igor Sikorsky Kyiv Polytechnic Institute”**

Yevgen Pysmennyy

Born 07.10.1947

Married

E-mail: evgnik1947@gmail.com

Phone +38050 3583720

Mailing address: 6 Polytekhnichna build.5

03056 Kyiv-56 Ukraine

Education:

1966-1972

Kyiv Polytechnic Institute, thermal engineering dept.
steam generators engineering, mechanical engineer

1985

Kyiv Polytechnic Institute.
Ph.D Engineering

1994

Technical Thermophysics Institute, NAS of Ukraine,
Doctor of Sciences in Engineering

Current position: Dean of Thermal Engineering Department, scientific adviser of the Nuclear Power Plants and Thermal Engineering division, the National Technical University of Ukraine “Igor Sikorsky Kyiv Polytechnic Institute”

Working experience:

2001 – current

Dean of Thermal Engineering Department, the National Technical University of Ukraine “Igor Sikorsky Kyiv Polytechnic Institute”

1995 – 2015

Head of Nuclear Power Plants and Thermal Engineering division

1997

Nominated honored professor

1987-1995

Nuclear Power Plants and Thermal Engineering division, associate professor

1973-1987

Steam Generators and Thermal Engineering division, assistant

1972-1973

Heat Exchange and Gas Dynamics Problems laboratory, engineer

Research publications:

The author of more than 400 research publications, among them 8 monographs, 7 handbooks, published in Ukraine and abroad, 20 patents and authorship certificates. The only Ukrainian representative in the team of authors of the “Normative Method of Thermal Estimation of The Boilers”, newest version.

Scientific and professional activity:

One of the leading scientists in the field of thermal physics and power engineering. Carried out the cycle of research works concerning the efficiency and reliability enhancement and material consumption decrease of the heat exchange equipment, the development of the novel resource saving technologies.

Trained 3 doctors of sciences and 9 Ph.D.

One of the leading lecturers and organizers of learning process in the National Technical University of Ukraine “Igor Sikorsky Kyiv Polytechnic Institute”. The Dean of Thermal Engineering Department (with more than 300 professors, associate professors, lecturers and engineers, 2000 students).

Manages the training of highly qualified specialists in the field of power engineering and industry of Ukraine and other countries, of the engineers of “Nuclear Power Engineering”, “Thermal Physics” and “Boilers and Reactors” specialties, and also the advanced training of the Ukrainian NPPs licensed personnel.

Gives lecture courses “Heat and mass transfer”, “Turbulence and the methods of its estimation”, “The basics of the theory of the boundary layer”.

The member of 2 specialized boards for the nomination of Ph.D and Doctor of sciences degrees in Engineering. The member of editorial boards of 6 professional journals. The member of scientific and methodological board of the Ministry of Education and Science of Ukraine. The Board member of the Ukrainian Nuclear Society.

Honored titles:

Honored Science and Engineering Worker of Ukraine;
 Excellence on Education of Ukraine
 Excellence on Power Industry of Ukraine
 Honored officer of Nuclear Power Industry of Ukraine
 Laureate of the Award by the Cabinet of Ministers of Ukraine
